

# ShawContract®

## Introduction to the WELL Equity Rating for Health & Well-Being

IDCEC Course #124129 Designation- HSW

AIA Course #WELL01 Designation- HSW

GBCI Course #0920032633

### Course Credits:

0.5 CEU / 0.5 LU / 0.5 CE Hour

### Course Description:

This course provides an in-depth look at the WELL Equity Rating, developed by the International WELL Building Institute to foster environments where all individuals can thrive. Participants will examine the collaborative process behind its creation, explore the six action areas that guide implementation, and learn practical strategies for pursuing the rating. The course also highlights the benefits of the WELL Equity Rating and the critical connection between inclusive design practices and broader health and well-being outcomes. Through expert insights and actionable guidance, participants will be equipped to support more equitable, people-centered spaces within the built environment.

### Course Objectives:

1. Understand how the WELL Equity Rating was created and why a collaborative approach was so important
2. Identify the six action areas of the WELL Equity Rating
3. Communicate the benefits of pursuing the WELL Equity Rating
4. Articulate the benefits of inclusive design practices and broader connection to health and well-being outcomes
